## Calcul avec les dizaines

2

Calcul

1. Calcule en groupant par dizaines à l'aide d'un arbre à calcul :

$5 + 5 + 7 + 3 = \dots$ 	$1 + 9 + 6 + 4 = \dots$ 	$7 + 8 + 3 + 2 = \dots$ 
$5 + 6 + 5 + 4 = \dots$ 	$8 + 4 + 1 + 2 = \dots$ 	$10 + 3 + 7 = \dots$ 
$6 + 7 + 4 = \dots$ 	$5 + 3 + 7 = \dots$ 	$9 + 8 + 1 = \dots$ 

2. Calcule en groupant par dizaines :

$$\textcircled{5} + \textcircled{6} + \textcircled{5} + \textcircled{4} = \dots \quad 3 + 6 + 5 + 4 = \dots$$

$$2 + 6 + 4 = \dots \quad 2 + 6 + 4 = \dots$$

$$1 + 7 + 9 + 1 = \dots \quad 1 + 7 + 9 + 1 = \dots$$
